PUBLIC SERVICES - Provincial and Subordinate Services - Vacancies allotted to civilians - Filling of.

All Heads of Departments and Departments of the Secretariat are informed that direct recruitment, wherever necessary, to vacancies allotted to civilians in posts within the purview of the Madras Public Service Commission (except those of Civil Assistant Surgeons and Sub-Assistant Surgeons) will be made by the Commission in accordance with the programme laid down in G.O.No.3168 Public (Services), dated 30th October 1944. the arrangement for a long time. It is therefore appears that regular recruitment to these cadres should be made even now irrespective of the programme referred to above.

With these remarks the file may be returned to Public (Ser.

It is necessary to make selections now as this Department want to know how many specialists can be selected and if the required number for teaching purposes is not available, what special steps should be taken to train the selected candidates or to obtai the services of specialists.

is whether it is sufficient to make selection by the Commission strictly in accordance with the programme laid down in G.O.No. 3168 Public (Services) dated 30th October 1944. It is understood that the Madras Public Service Commission is already making the arrangements for the interview of the war-returned candidates etc. For a long time appointments have not been made on a regular basis to the cadre of Civil and Sub Assistant Surgeons. It is necessary to make a regular selection and appointment quickly so that the Government may know what steps are necessary to recruit specialists for teaching and other posts who cannot be got by the selection which the Madras Public Service Commission has now on hand. If a regular selection is delayed there will be further delay in recruiting Specialists and that will adversely affect the Specialists Departments. This Department may therefore recommend that the Madras Public Service Commission may make selection for the cadres of Civil and Sub Assistant Surgeons without delay.
